OUR STORY

In 2018, Crow Wine Cellars Tasting Room opened at the Queenstown Premium Outlet Center. Since 2010, the owners, Roy and Judy Crow and Brandon Hoy, have been growing grapes and making wine at their 5,000 case production facility near Kennedyville, MD, 35 miles north of Crow Wine Cellars Tasting Room. Along with the winery, the Crows raise grass-fed black Angus cattle, grow crops and host guests at their Farmstay B&B on their 365 acre farm.

When given the opportunity to open a tasting room at the Outlets, the family thought that it was an excellent means to present Crow wines to a larger population. The Crow family believes in partnering with other local farm providers, such as, Eve's Cheese and Kilby Cream Ice Cream, which use Crow wine within their products to make delightful treats. These products can be purchased at the Crow Wine Cellars Tasting Room along with award-winning Crow wine and their grass-fed black Angus beef.

Crow Wine Cellars Tasting Room is committed to providing our customers with the highest quality, premium wines that are presented by well-trained sales team members. The award-winning wines are grown, fermented and bottled at the Kennedyville, MD facility. The team of employees at Crow Wine Cellars Tasting Room, along with the owners, pride themselves in providing the highest level of customer service to make your visit both educational and relaxing.
